*You are Lord*

We worship you light of the world, for you have saved our sinful souls  
Redeemed us from eternal death and brought us into your great light  
Give us blessing beyond our dreams, provide our needs through all our days  
See our hearts and heal in love, with mercy, grace, you fix our lives

The breath of God you show us how, point us to the great I AM  
Revealing Christ in all you do, with patience draw us to His feet  
You bring us peace and comfort Lord, you counsel all who have a need  
Fruits of joy and gifts of faith, we surrender to your ways
